Professional Summary

MCA student and BSc Mathematics graduate with a strong foundation in programming, web development, database management, and problem solving. Completed a Python Full Stack Development internship with hands-on experience in Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL, and MongoDB. Experienced in developing full-stack web applications and academic projects, with a strong interest in software development and emerging technologies.

Technical Skills

Programming Languages: Python, C, C++, Java, SQL

Web Technologies: HTML5, CSS3, JavaScript, Bootstrap

Frameworks: Django, React

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Eclipse

Other Skills: Problem Solving, Communication, Teamwork, Leadership, Multitasking

Education

Master of Computer Applications (MCA)

Kerala University

Completed

Bachelor of Science in Mathematics

BSc Mathematics

Completed

Projects

LEGENDS Arts & Sports Club

Full Stack Web Development

Academic Project

- Developed a full-stack web application for managing an arts and sports club using React, Express.js, and MongoDB.
- Implemented features for club information, member management, event management, and online registrations.
- Designed responsive and user-friendly interfaces using React, HTML, CSS, and JavaScript and integrated frontend components with backend REST APIs.

Django Web Application

Python Full Stack Development

Academic Project

- Developed dynamic web applications using Python and Django with database integration.
- Implemented models, views, forms, URL routing, CRUD operations, and database connectivity.
- Created responsive interfaces using HTML, CSS, JavaScript, Bootstrap, and Django templates.

Internship

Python Full Stack Development Internship

Python / Django Full Stack Development

6 Months

- Gained hands-on experience in Python, Django, HTML, CSS, JavaScript, and Bootstrap.
- Worked with Django ORM, database integration, forms, models, views, and backend services.
- Developed responsive frontend components and integrated them with backend functionality.
